Wellcome from the Chairman of IntConSDS & PJUTS 2024

Good morning, ladies and gentlemen.

First, I'd like to thank God for giving us His blessing so that we could hold this activity. Because of His mercy, we're sitting in this event in good health.

I'd also like to convey my gratitude towards Mr. Adrian Adiredjo, Rector of Darma Cendika Catholic University, who helped us in many ways, Professor Johan Silas as the initiator of this award, also Professor Eddy who we often ask for consultation.

I'd also like to convey my gratitude towards Kepala Dinas Kesehatan Kota Surabaya, Kepala Dinas Lingkungan Hidup Kota Surabaya, Kepala Bapedalitbang Kota Surabaya, also several Kepala Puskesmas who received the award

And thank you to all the guests who set your valuable time for coming to this event.

On this occasion, I'll talk briefly about our event. This is a double event. One, Penghargaan Jamban Umum Terbaik Surabaya (PJUTS) which we have carried out regularly since 2020 in conjunction with International Conference on Sustainable Development Studies

This PJUTS is an effort to promote proper public toilets according to standards, so that they can be a reflection of health and cleanliness for the city of Surabaya

Also International Conference to elevate the discourse of sustainability in a broader context, becoming more intense topic to talk about, discuss and study, so that it becomes an important part of our lives now and in the future

I'm on behalf of the committee, hope this event can go well and smoothly. Without your support, we can't do so. We're humbly asking for your support so that this event can run as well as possible.

That's all for me. Thank you for your attention.

Anas Hidayat, S.T., M.T.
